PRAGATI RANGE

BluPrints presents **Pragati Range of Portable Bluetooth & USB Enabled Thermal Printers** (80mm), with a built-in rechargeable battery.

The Pragati POS receipt printer range is sleek, light weight, rugged, fast and an economical printing solution with the best-in-class battery specification. It is easy to use and designed for rough environments with an optional protective case – a belt attachable safety carry-case for field operation.

"From Hand Held to Desktop Models, the BluPrints Receipt Printer Range is a Power-Combo of Best-In-Class Features, Speed, Communication Channels, Receipt Sizes and Battery Capacities. Whether you need to fire prints via Mobile Phones or Banking MDM's, POS Machines or Kiosks, ECG Machines or Online Applications, BluPrints Range has all your Receipt Printing needs covered."
